

**ERASMUS BRUSSELS UNIVERSITY OF
APPLIED SCIENCES & ARTS (EhB)**

INTERNATIONAL DAYS

4–6 December 2019

The Most Sustainable Resource
Higher Education as Catalyst of
Sustainability

Contact person: Hilde Van Lindt, International Days Coördinator

Tel: 0473 429952

Wednesday December 4th, 2019

Venue: *Cine Palace, Boulevard Anspach 85, 1000 Brussels (opposite Metro station Bourse/Beurs)*

10 - 11 am: Registration

11 - 12.30 pm: Opening session hosted by Aubry Cornelis, head of EhB MARCOM

- Welcome by Mrs. Ann BRUSSEEL, President of EhB
- Keynote Speaker Dr. Jan TERLOUW, former president of Democrats 66, Deputy Prime Minister in the Van Agt II Government, author of several children books and enthusiast advocator for sustainable development in The Netherlands
- Bas LITJENS, Board Member of the Dutch National Students' Association
- '*Al Camino Frente a Mi*' a documentary directed by Aisha ADEPOJU, RITCS Alumna. Kevin Deruyver (performing as coach in the documentary) will join us on stage.

12.30 - 1.30 pm: Reception

1.30 - 2pm: Lunch offered to workshop participants

2 - 4 pm: Workshops open to all registered guests, EhB-staff and students (CinePalace)

- **Implementing sustainability in your curriculum.** Leen Audenaert and Peter Schildermans, Flemish Government - Sustainable Higher Education'

This workshop is addressed to all teaching staff interested in curriculum development. You will be guided through a process which allows you to take the first steps in building a new curriculum. Some energizing examples will be shown on what sustainability and sustainable development goals mean in higher education. An open and informal space will be created to share your ideas.

- **Working on sustainability and the circular economy with the OVAM SIS Toolkit.** Miranda Geusens and Liesbet Van Ackeleyn (OVAM)

Contact person: Hilde Van Lindt, International Days Coördinator

Tel: 0473 429952

Do you want to know more about tools for the circular economy and sustainability? Take part in the hands-on workshop 'OVAM SIS Toolkit' and work together on a concrete case. The OVAM SIS Toolkit '(Sustainable Innovation System) is an instrument that provides guidance towards integrating sustainability principles in innovation and design processes to create sustainable value. Participants will be offered an OVAM SIS Toolkit.

- **Education for sustainability in a multi-faceted tomorrow - A Futures Literacy Lab**

Maya Van Leemput, Kim De Vidts, Eva De Smedt, Yannick Dujardin
(EhB Researchers Open Time | Applied Futures Research) (2-5 pm)

This Lab is open to all interested guests, EhB staff and students. To engage with the exceptional challenge that sustainability is, you are invited to broaden your perspective of the here and now to the long-term future and the greater whole. Take part in this colorful and relaxed activity to strengthen your futures literacy in order to shape together tomorrow's ideas on sustainability in higher education.
